STEP 2: Check the appropriate box(es) and provide the necessary documents set forth below for each category of expenses you are seeking that you incurred and paid for prior to the availability of the Service Action for your Class Vehicle and within 10 years of your Class Vehicle's In-Service Date. Select all that apply.

- ☐ If you are claiming reimbursement for past paid expenses for repairs related to a failed Belt Starter Generator (“BSG”) in a Settlement Class Vehicle, check this box and provide legible copies of Repair Order(s) and/or Other Records for the repair which **must include the following information:**

- (a) Your name and address;
- (b) The model, model year, and Vehicle Identification Number (VIN) of your Settlement Class Vehicle that had the repair;
- (c) The date of the repair of your Settlement Class Vehicle;
- (d) The name and address of the authorized Audi dealership or non-dealer service facility that performed the repair;
- (e) A description of the repair work performed (demonstrating that this was a repair covered under the settlement) including a breakdown of the parts and labour costs;

If you are also seeking reimbursement of past paid expenses to recharge or replace a 12-volt or 48-volt battery in connection with the prior BSG repair, your documentation must also indicate that the need for said recharge or replacement was directly caused by failure of the BSG, and include the amount paid (parts, labour and tax) for the battery recharge or replacement. If the invoice does not indicate that the need for recharge or replacement was directly caused by the BSG failure, the invoice must show that the battery recharge or replacement was contemporaneous with the BSG repair, and you must submit a sworn Declaration confirming that the dealer or other repair facility informed you that the need for battery recharge or replacement was caused by the BSG failure. A form Declaration is available at www.canadianbsgsettlement.ca;

- (f) If the repair was performed during your vehicle's original New Vehicle Limited Warranty period by a repair facility that is not an authorized Audi dealer, you must also submit documents (such as a written estimate or invoice) confirming that prior to having it performed, you first attempted to have the repair performed by an authorized Audi dealer and that the dealer would not or was unable to perform the repair free of charge. If you are unable to obtain such documentation despite a good faith effort to do so, you may, instead, submit, with your completed Claim Form, a signed Declaration attesting to this fact and setting forth the good faith efforts you made to obtain the documentation. A form Declaration can be downloaded from the settlement website: www.canadianbsgsettlement.ca; and
- (g) Set forth the amount paid for each covered repair and provide proof of payment of that amount (*i.e.*, an invoice clearly showing payment, a cancelled cheque, or credit card statement, etc.):
